Principal's Reflection

Kia Ora Koutou.

Thanks to all the parents, friends and extended family who came out on Friday to support the students at our annual cross country event. It was great to see the encouragement and support for all the runners, this was a real show of community spirit. A special mention to our student leaders and senior students who supported runners on the course - what great role models these students were. What a great sense of achievement the students felt crossing the finish line, opportunities to challenge ourselves are an important part of being a learner and we are proud of each and every one of the students who completed this event. Good luck to those students going through to the ECCS event tomorrow.

Being Active is one of the "5 Ways to Wellbeing" recognised by the Mental Health Foundation. At Drury School we ensure that physical activity is incorporated in our daily programmes in a wide variety of ways, from fun dance/aerobic activities in class as brain breaks to opportunities to compete in various events. The Mental Health Foundation encourages individuals to Be Active: Do What You Enjoy, Enjoy What You Do, Move Your Mood. We see physical activity as a normal part of daily routines at school and children are supported to participate at their own level.

This Friday we begin our Year 3-8 Gymnastic programme at Bruce Pulman Park. We are very lucky to be able to access this facility for gymnastics and thank our parent helpers who support us with making this event possible. A very big thank you also to the Manukau Counties Community Facilities Charitable Trust for their grant of \$6,180 to cover the gym tuition fees.

Thanks also to the parent helpers who have attended the junior trips to Ambury Farm this term. Today the Year 2 students are being briefly filmed on their visit to Ambury Park as part of a Country Calendar feature on city farms. We will let you know when we hear the date for this programme airing on TV1.
